JUNE 2015

## General Practitioners JulEYE Seminar

Central Coast Day Hospital (CCDH) will be holding a GP educational evening on **Thursday, July 09, 2015**. This dinner will host eight Ophthalmologists who will present on various topics to ensure that GP's are informed of the latest research and developments on eye care. This dinner will coincide with the RANZCO Eye Foundation JulEYE public health promotion month. [Register here](#)

## Dr Ian Davies retires

Central Coast Day Hospital would like to wish Dr Ian Davies a fond farewell as he retires at the end of June. We would like to thank Dr Davies for his support and commitment to CCDH over the years.

Dr Davies has been in private practice on the Central Coast since 1987. He was a Visiting Medical Officer at Gosford & Wyong Public Hospitals for 25 years, and operated at the Central Coast Day Hospital, North Gosford Private, Brisbane Waters Private and Berkeley Vale Private Hospitals.

**Dr Dan Poyla**, one of the highly skilled Ophthalmologists on the Coast is expanding his work to take over from Dr Davies.

Dr Davies' expertise will be fondly remembered and greatly missed by his patients, colleagues, staff and associates, and we wish him well as he begins a new chapter in retirement.

## Consumer Engagement Meeting

Patients and carers of Central Coast Day Hospital were invited to a morning tea meeting on 16 April 2015 to share their personal care experiences and to offer

ideas and suggestions for improvements and change. The goal was to gather information, insights and advice from those who use our services to inform planning and decision-making.

Positive feedback and responses were reported reflecting our excellent patient satisfaction survey results.

## Featured Ophthalmologist — Dr Doug Parker

Dr Parker is an Ophthalmologist with international subspecialty training in corneal and cataract surgery, external eye disease management and laser vision correction.

His background includes a PhD in the fields of gene therapy and high-risk corneal transplantation from Flinders

University of South Australia, and involvement with the Fred Hollows Foundation in central Australia and the Pacific. He has completed a fellowship in corneal and refractive surgery at the prestigious Moorfields Eye Hospital in London, and has published in international ophthalmic and scientific journals. Dr Parker consults at Gosford Eye Surgery and Wyong Eye Surgery. [Read more](#)

## Optometrists - Gain CPD points at your desk

Gain OAA-approved CPD points from the convenience of your own computer with our latest, completely free educational module '**Epiretinal Membrane**'. This brings the number of modules available to ten, all free and easily accessible online. [Check it out.](#)
