- Patient Satisfaction and Cataract Surgery Outcome Surveys indicate excellent results
- Featured Ophthalmologist

## Central Coast Optometrist Conference – Sunday 2 March 2014

Central Coast Day Hospital is pleased to announce that that this year's conference promises to be innovative and exciting:

- Gain 12T OAA CPD Points (applied for)
- Hear from 12 industry-leading Ophthalmologists on their very latest ophthalmic knowledge
- Network with colleagues, specialists and suppliers and strengthen your referral relationships

You asked for more question time and we've delivered providing more interaction opportunities. This combines to offer Optometrists an excellent variety of educational presentations to meet their individual clinical practice and CPD requirements.

**Hurry, places are limited.** Our conference ticketing this year is organized by Eventbrite. To register and view the Conference Program please go to:

<http://www.eventbrite.com.au/centralcoastdayhospital>

## Optometrists - Gain CPD points at your desk

Gain OAA-approved CPD points from the convenience of your own computer – our latest, completely free educational module is 'Cool Approach to Managing Hot Lids'.

This brings the number of modules available to 24, all free and accessible online. **Check it out.**

## Patient Satisfaction and Cataract Surgery Outcome Surveys indicate excellent results

Every year Central Coast Day Hospital surveys our patients with an independent benchmarking group, Quality Performance

Systems, to compare and benchmark our care with other Australian ophthalmic facilities.

This year's Patient Satisfaction Survey results continue to impress. The satisfaction with care, services and treatment was 96% whilst the overall patient satisfaction was 93% which comparable favourably to last year's result of 96%.

The Hospital also undertook the Post-Op Patient Outcomes Survey following cataract surgery. This measures the patient satisfaction with the result of their surgery and was rated at a high 80%. This mirrors other studies world-wide that show high levels of patient satisfaction with cataract surgery outcomes. [Read more](#)

## Featured Ophthalmologist

Dr Anil Arora is an ophthalmologist who has been practising in Central Coast and in Sydney since 1998. Dr Arora completed his medical degree through the University of Sydney in 1985 and after carrying out his internship and residency training at Royal North Shore, Westmead and Royal Prince Alfred Hospitals, he embarked on a career in ophthalmology. He is a Fellow of the Royal Australian and New Zealand College of Ophthalmologists, American Academy of Ophthalmology and American Society of Cataract and Refractive Surgery.

Dr Arora brought retinal surgery to Central Coast and also established the **Laser Vision Clinic Central Coast** - a state-of-the-art laser refractive centre on the Central Coast. This meant that patients no longer had to travel to Sydney for these procedures.

Dr Arora has practices in Gosford, Long Jetty, Woy Woy and Wahroonga and is a Visiting Medical Officer at the Central Coast Day Hospital, Brisbane Waters Private Hospital and the Sydney Adventist Hospital and also at Gosford and Wyong Public Hospitals. Click [here](#) to read more
